

Denis Tovstokhatko

Frontend Developer

Personal summary

Hey! I'm Denis - a self-educated and enthusiastic front-end developer from Kyiv.

I consider myself as a person who always moves forward to new opportunities, knowledge and experiences that is why I am extremely interested in web development, which has already equipped me with skills and attitudes required for a successful professional career.

Believe in producing high-quality work, that fuels the engagement between WEB and his audience. Passions - music, sport and technology.
